

# we are thrilled to announce our partnership with **greencircle salons** to make your next visit to our salon a sustainable one!

did you know that your salon visit has an impact on the environment?

last year...

Green Circle Salons diverted

**560,856 lbs**

of solid & liquid waste

## before

because **hair, metals & chemical residue** cannot be treated by most municipalities, this waste would end up in our landfills and waterways

## now

we've partnered with GCS to turn your:

**hair clippings** into hair booms to clean up oil spills, or to be made into pillows for international aid efforts

**colour tubes & used foils** into new metal

**chemical residue** into new sources of energy

## learn more about the movement!
